Chromatography Consumables for Industrial Selections

Not every chromatographer has the need for the same vial & closure or the same sample handling container. The here shown selection represent the most used and helpful autosampler products for this segment of the business.

- **Certified KITs**
- **Screw and Crimp Neck Vials & Closures**
- **Plastic Vials**
- **Headspace Vials & Closures**
- **Crimping Tools and Vial Rack**

The selection has been made by experts in order to meet the special requirements of this segment and the connected challenges of the “to be analyzed” samples and molecules. It might not be complete but represents 90% of the core products.
